Privacy Disclosure:

South Carolina Law requires that every individual who applies for an occupational or professional license provide a social security number for use in the establishment, enforcement and collection of child support obligations and for reporting to certain databanks established by law. Failure to provide your social security number for these mandatory purposes will result in the denial of your licensure application. Social security numbers may also be disclosed to other governmental regulatory agencies and for identification purposes to testing providers and organizations involved in professional regulation. Your social security number will not be released for any other purpose not provided for by law.

Other personal information collected by the Department for the licensing boards it administers is limited to such personal information as is necessary to fulfill a legitimate public purpose. The South Carolina Freedom of Information Act ensures that the public has a right to access appropriate records and information possessed by a government agency. Therefore, some personal information on the application may be subject to public scrutiny or release. The Department collects and disseminates personal information in compliance with The South Carolina Freedom of Information Act, the South Carolina Family Privacy Protection Act, and other applicable privacy laws and regulations. Additionally, the Department shares certain information on the application with other governmental agencies for various governmental purposes, including research and statistical services.

I understand that I cannot become a certified surveyor-in-training until I provide proof of completion of the required education, and I have passed the Fundamentals of Surveying examination. I also understand that information submitted on and in support of this application may be subject to public scrutiny or release under the South Carolina Freedom of Information Act or other provisions of federal and state law.

To be eligible for certification as a surveyor-in-training, an applicant must be of good character and reputation and be able to communicate effectively in the English language. When the evidence presented in the application does not appear to the board conclusive nor warranting the issuing of a certificate of registration, the applicant may be required to present further evidence for the consideration of the board. The applicant also must meet the requirements of the other pertinent sections of this chapter. The minimum evidence satisfactory to the board that an applicant is qualified for certification as a surveyor-in-training is graduation from a school or college of four or more years with a board-approved degree or an ABET commission accredited curriculum in a related field, including not less than twelve semester hours or the equivalent in quarter hours of discipline-specific courses satisfactory to the board in each of the disciplines described in Section 40-22-20(26) for which the applicant is requesting licensure and has passed the NCEES Fundamentals of Surveying examination as prescribed by the board [Section 40-22-225(B)]
