

IMPORTANT INFORMATION FOR HAIR BRAIDER APPLICANTS

August 2009

Please be aware when applying for the Hair Braider Registration class and examination that the class will mainly focus on sanitation and the rules and regulations.

Also, please be advised once you have successfully completed the class and examination, your registration will not allow you to provide services to clients who request wepts, weaving or extensions. Clients requesting those services would be required to use either licensed registered cosmetologists or master haircare barbers. This registration only allows you to braid natural hair.
