ADMINISTRATOR’S REMARKS

Health and Human Services Coordinating Council Seat
Ms. Leech addressed the Board concerning the Board seat from the Health and Human Services Long Term Care Committee. This Committee no longer exists. There was discussion about looking at all the positions. It was decided to review the most immediate position, Health and Human Services Long Term Care Committee since it can no longer be filled. Mr. Kinney suggested that the Legislative Committee meet to determine how to address the position change. The date for this Committee meeting was set for September 8, 2016.

Ms. Lewis stated that there was discussion in the past concerning the qualified hospital administrator position. It will be difficult to replace this position, since there are only a few individuals in the industry who would meet the qualifications. No decision was made on this matter.

2016 Renewed Licenses
Ms. Calhoun presented the totals for the active and inactive license renewals for 2016. There were five hundred thirty-nine (539) active CRCFs, Fifty-five (55) inactive CRCFs, three hundred four (304) active NHAs, twenty eight (28) inactive NHAs, one hundred forty-one (141) active Duals and seventeen (17) inactive Duals. The 2015 totals were presented for comparison.

The committee discussed ways to finalize the Health Services Executive (HSE) rollout, as well as promote the AIT support network to alleviate financial and career hurdles for AITs. A power point on the HSE was shown on Thursday at the meeting.

Ms. Calhoun also attended the State Executive Forum where Mr. Linder provided updates on the administrator-in-training model, the preceptor training program, review of the new examination form for the HSE and the transition of testing centers from Prometric to PSI. Due to issues experienced by others who have experienced this same transition, there was a suggestion to hold approval of candidates until PSI takes over on June 21, 2016. Doing this assures that candidates aren’t scheduled for a Prometric site when PSI takes over. Candidates who are scheduled in Prometric facilities at that time will need to reschedule with PSI at that time. Mr. Linder asked that boards to let him know if they experience problems with the transition to PSI.

The 2016 NAB Mid-Year Meeting will be held November 9-11, 2016 at the Renaissance Atlanta Midtown Hotel.
